

ADULT BIBLE CLASSES

FALL 2017

"Did God Really Say...?" led by Bryan Wendt (Dates: September 10 – October 15)

This question is as old as the Garden of Eden. Satan and those in league with him have been asking it in various ways ever since.

Today the question is asked in the context of the written Word, the Bible. Shouldn't there be other books in the Bible? Isn't the text full of errors, mistakes and contradictions? Isn't it just myths and fables written by men? Should we trust it?

Beginning September 10 in the **6th Grade Classroom**, Bryan Wendt will lead a class discussing what Scripture is, how we got it, why it is reliable and why we believe it to be God's word.

Uncovering the Truth about Dinosaurs led by Michael Stamp (Dates: September 3 – 24)

A four-part DVD series from The Institute for Creation Research, *Uncovering the Truth about Dinosaurs*, explores the most fascinating and mysterious creatures of all time--dinosaurs. We know they existed, but the facts remain shrouded in mystery.

Footprints and fossilized bones prove they once existed, but many questions linger about what they were, where they came from, and how they lived and died. *Uncovering the Truth about Dinosaurs* takes on the challenge of unraveling these mysteries and unearthing the real truth.

We'll journey to various locations to investigate some of the common theories about dinosaurs, while experts in paleontology, geology, archaeology, and history examine evidence that casts doubt on secular theories about geologic time and evolution. *Uncovering the Truth about Dinosaurs* offers compelling evidence about these mysterious creatures that confirms the biblical account of Genesis. Witness the awesome work of the Creator and see how the Bible gets it right in all matters--including dinosaurs. Meets in the **Computer Lab**.

Spiritual Gifts led by Pastor Symmank (Begins September 3...class will not meet 9/24, 10/22, and 10/29)
Pastor Symmank has observed the use of spiritual gifts within congregations for over 30 years. He has learned to recognize them, seen how they are used to benefit a congregation and how they are misused to cause discord. He'd like to share what he has learned from his study of Scripture and his personal experience in various congregations. He especially invites people to this class who are new to Zion and wonder how they might serve the Lord within this fellowship, and also long time members who would like to reevaluate their role in Zion. Meets in the **8th Grade Classroom**.
